A LEGACY OF DEDICATION

EAM Worldwide was founded by Samuel Oroshnik, who was an aviation enthusiast since his teenage years. He took his passion for flying and turned it into a business to serve the unmet needs of the aviation industry. As a one-man shop, Oroshnik began by selling surplus safety equipment and later designed and built his own life rafts and vests by hand.

Today, EAM serves all OEM’s, operators and lessors in the aviation and marine industries worldwide. Celebrating over 65 years as an industry leader, EAM continues to offer lightweight, innovative products which are customizable to meet clients’ specific needs. Our dedicated team of specialized engineers continues to discover and design new applications in safety and survival technology year after year. EAM is also proud to support over 30 distribution centers and repair stations to ensure the optimal maintenance and performance of its products. EAM Worldwide proudly serves clients around the world with its headquarters in Miami, Florida and global sales office in Dubai, United Arab Emirates.

OUR PRODUCTS

This raft catalogue provides survival safety solutions for our corporate and general aviation clients. EAM’s life raft series are self-inflating and intended for use by aircraft crew members and passengers during overwater emergencies. EAM’s VIP series life rafts are equipped with auto self-erecting canopies, boarding ramps and stabilizing bags. All EAM life rafts are designed to provide safe, rapid and reliable means for aircraft egress in case of such an emergency.

Each product is manufactured with the highest quality craftsmanship and are proudly FAA-TSO approved. In addition, EAM is proud to offer customizable raft packaging to meet any client’s specifications. When deployed and in the water, the raft may be boarded on either side. Survival items are contained in a kit tied to the raft. Select raft models include a raft canopy, located inside the accessories case, which features two (2) roll-up doors and a rain water collector in the top of the roof panel. The VIP and SAM Series life rafts have auto self-erecting canopies, which have two (2) doors which can be sealed closed with Velcro. Also, the VIP and SAM series canopies are affixed to the life raft with Velcro so if needed the canopy can be removed and reinstalled.

Please call our offices or visit eamworldwide.com for more detailed information.

CORPORATE & GENERAL LIFE RAFT SERIES

RAFT CHARACTERISTICS
- Single Tube Construction
- Neoprene-Coated Nylon - Compact & Lightweight
- Rated Capacity 4 - Overload Capacity 6
- Approved for all Categories of Aircraft

T6AX VIP RAFT
- Rated Capacity: 6
- Overload Capacity: 10

T4S SAM SERIES
- Rated Capacity: 4
- Overload Capacity: 6

T10AS VIP RAFT
- Rated Capacity: 10
- Overload Capacity: 15

T9 NON-TRANSPORT SERIES
- Rated Capacity: 9
- Overload Capacity: 13

APPROVALS
- FAA TSO-C70a, Type I
- FAA TSO-C70b, Type II
- EASA ETSO-2C70
- ICAO, AIP - Europe
- ANAC H.11-0017-0004

SPECIFICATIONS
- Waterproof: Yes
- Inflatable: Yes
- Weight: 400 lbs
- Dimensions: 14.0 ft x 22.0 ft x 50.4 ft

T9S VIP RAFT
- Rated Capacity: 9
- Overload Capacity: 13

- Rated Capacity: 4 to 15
- Overload Capacity: 6 to 21

Materials:
- Neoprene-Coated Nylon
- Compact & Lightweight

ALL RAFTS CAN BE CUSTOMIZED WITH:
- Emergency Locator Transmitters
- Watermakers
- Specialized Survival Kits

ENVIRONMENTAL LIMITS:
- Temperature: -40°F to 140°F
- Humidity: Up to 95% relative humidity
- Altitude: 2,000 ft to 45,000 ft above sea level

RETAILS: $10,000 to $20,000
